

High Pressure Fill Compressors

Vertical Fill Compressor

Horizontal Fill Compressor

Mobile Fill Trailer

Electric, Gasoline, or Diesel Models Available

We specialize in designing custom systems to meet Military, Fire/Rescue, and Industrial fill applications.

Air Systems provides a full line of high pressure fill compressors with high CO shutdown, air storage, air distribution systems, and containment fill stations. We can provide output air pressures up to 6000 psi and compression units to 26 cfm capacity.

Call Customer Service to discuss your particular application or fill out the High Pressure Compressor Questionnaire located at www.airsystems.com to design a custom system to meet your needs.

Our compressors meet or exceed the Grade-E air quality specifications found in NFPA 1989 and OSHA 1910.134 when used in accordance with manufacturer's recommendations.

Air Systems provides at NO CHARGE your first lab certified air quality test with the purchase of a new compressor with CO monitor. Contact Customer Service for details.

Portable Fill Compressors

CFM outputs available from 3.5 to 10.8 cfm in Electric, Gas, or Diesel

**Portable compressors are designed for filling small SCBA cylinders only.
SCUBA fill whips available.**
