

Air Systems International Product Safety Notice

Posted February 18, 2025

Air Systems' Products Impacted by this Safety Notice include:

- 1) BACB-196 - The Cool-Box™
- 2) BACB-196LP - Low Pressure Cool-Box™

Igloo Products Corp. is voluntarily recalling Igloo 90 Qt Flip & Tow Rolling Coolers manufactured prior to January 2024 in cooperation with the U.S. Consumer Product Safety Commission (CPSC), Health Canada, and Profeco, due to a risk that the tow handle can pinch consumers' fingertips against the cooler, posing fingertip amputation and crushing hazards.

This is the cooler Air Systems' uses for its Cool-Box™ Product line. Consumers should immediately stop using the recalled coolers and register for a free tow replacement handle.

For detailed information, including how to identify recalled products and request a new free tow handle, please visit the Igloo recall page at <https://igloo90qtrecall.expertinquiry.com/us-home>

Igloo can be reached at 1-888-943-5182 from 8 a.m. to 5 p.m. EST Monday through Friday, by email at igloo90qt@sedgwick.com, or online at www.igloo90qtrecall.expertinquiry.com or <http://www.igloocoolers.com> — click on "Recall Information" at the top of the page for more information.

Air Systems International apologizes for any inconvenience this may cause as your safety and satisfaction are important to us.
